

REBORN EVERYDAY WITH HOT WATER

Alpha Plus

With

One Time Investment,
Lifetime Savings!

Suitable for
HARD WATER APPLICATIONS*

Alpha Plus

MAXIMUM ENERGY ABSORPTION FOR QUICK HOT WATER.

Racold has helped you begin your day with this spurt of refreshing energy for the last 60 years. A fully owned subsidiary of Ariston Thermo Group, the world's leading thermic solutions company, Racold received Best Performed Manufacturer on Installation of Solar Water Heaters for 2 years in a row awarded by the MNRE, Government of India for the Best Service and Dealer Network in 2014.

Racold is the first water heater brand in India to be recognized by the Bureau of Energy Efficiency (BEE) successively for the last 9 years. It has won the "Energy Conservation Award" from 2010 to 2016 followed by the "Most Energy Efficient Appliance of the Year" award in 2018.

The Alpha Plus solar water heater uses a high energy absorption vacuum tube of over 1800 mm length, which ensures optimum energy absorption and high efficiency. It is also suitable for hard water applications.

Specially treated inner container ensures durability and resistance against corrosion.

Rust proof outer body prevents corrosion, leaving no room for rust. Ensures long life for the water heaters.

Racold Vacuum Tubes are of 1800 mm length, in keeping with international standards ensuring optimum energy absorption and higher efficiency.

Racold's unique design ensures durability, low maintenance and blends seamlessly with building aesthetics.

The tank comes with a 5 year warranty assuring a dependable service.

Magnesium sacrificial anode protects tank from corrosion by forming a layer of magnesium on the inner tank.

CHARACTERISTICS	SPECIFICATION	ADVANTAGE
Outer body	Specially coated Zincalume outer body	UV resistant, non-corrosive, durable and long life
Inner container	Food Grade Stainless steel	Stainless steel, corrosion resistant, durable and long life
Special protection for inner container	Local passivation at weld joints, also comes with sacrificial mg anode for tank protection	Non corrosive, protects from chlorides in the water
Container insulation	High density PUF injected with automatic machines	Superior heat retention
Electrical backup (Optional) Thermostat for electrical backup	99.9% pure copper tubular Italian thermostat with cut-out	Peace of mind

Available in 100, 150, 200, 250 and 300 LPD capacities

After-sales service

Racold leads the way in service support with:

- Nationwide service technicians with over 300+ service centres
- Use of genuine Racold spare parts

Racold is a registered trademark of Ariston Thermo Spa, Italy.
