PRONTO NEO DN ELECTRIC INSTANT WATER HEATER

Italian art for Indian bath.

Every day is an opportunity unknown. Every day is the beginning of something beautiful. A day with endless possibilities. And to make the most of your day, all you need is a great, energetic start to your morning.

Racold has helped you begin each day with this spurt of energy for a great start over the last 50 years. A fully owned subsidiary of Ariston Thermo Group, the world's leading thermic solutions company, Racold is India's largest provider of water heating solutions. It is the first company to win the energy conservation award from the Bureau of Energy Efficiency 7 times in a row for electric storage water heaters.

Pronto Neo DN provides triple protection to the tank against corrosion even in the harshest water conditions. The triple protection is achieved through superior grade stainless steel, special treatment to inner tank and anode. This makes the tank stronger and ensures longer product life.

Special passivation process of superior quality tank and anode ensures long tank life by giving an additional protective layer in harshest water conditions. (Available in only 3 ltrs 3 kw)

Its high pressure resistance makes it suitable for high rise buildings and high pressure pump applications.

Stem-type thermostat and cutout ensures automatic temperature control and extra safety.

Elegant Italian design with a rare combination of technology and style.

A special anode used with the heat element employs an electrolytic process that protects the heating element from corrosion, thus greatly enhancing its life.

The high-power heating element ensures you get hot water in no time.

The Anti-syphoning system prevents the back flow of water from the container, thus avoiding dry heating.

Model	Pronto Neo DN
Type	Instantaneous water heater
Capacity	3 Ltr.
Power Supply	230 Volts AC, 50 Hz. Single phase
Wattage(kW)	3
Indicator Lamps	Red - Thermostat Operation / Blue - Cutout Operation
Max Rated Pressure (bar)	6.5
Pressure Relief Valve	Set to operate between 6.5 & 7.5
Installation Type	Vertical-Wall mounting
Dimensions (in mm) L	335
W	209
D	205

Product	2 yrs
Heating Element	2 yrs
Inner Tank	5 yrs

After-sales service

Racold leads the way in service support with:

- Nationwide service technicians with over 170 service centres
- Use of genuine Racold spare parts
