

Pronto Stylo Duronox

Available in
White with
Metallic
Tan Strip

Duronox ensures longer product life, providing triple protection to the tank against corrosion even in the harshest water conditions, through superior grade stainless steel, special treatment to inner tank and anode.

The Pronto Stylo DN has been inspired by Italian design to help your bathing space get a stylish new look.

The high-power heating element ensures you get hot water in no time.

Its high pressure withstanding capacity makes it suitable for high-rise buildings and high pressure pump applications.

Stem-type thermostat and cutout ensures automatic temperature control and extra safety.

The anti-syphoning system prevents the back flow of water from the container, thus avoiding dry heating.

Provides three levels of safety against high temperature and pressure with cutout, thermostat and safety valve.

Range	Power and Star Rating		Warranty
Capacity	3 kW	4.5 kW	Product - 2 Years Heating Element - 2 Years Tank - 5 Years
3 Liters	Available	Range Not Available	

Voltage: Power Supply - 230V AC, 50Hz Single Phase.
