# Platinum Eco

Every day is an opportunity unknown and the beginning of something beautiful. To make the most of your day, all you need is a great, energetic start to your morning.

Racold has helped you begin your day with this spurt of refreshing energy for the last 60 years. A fully owned subsidiary of Ariston Thermo Group, the world's leading thermic solutions company. Racold is the largest provider of water heating solutions and India's most trusted brand (as per Brand Trust Report 2016). Racold is the first water heater brand in India to be recognized by the Bureau of Energy Efficiency (BEE) successively for 9 years. It has won the "Energy Conservation Award" from 2010 to 2016 followed by the "Most Energy Efficient Appliance of the Year" award in 2017 and 2018. Racold, is the only brand in the water heating category to be chosen as a Superbrand for 2019 after an extensive online consumer voting process.

Platinum Eco brings together all the best qualities of a water heater in one place, with a compact built, 3kW heating element and Titanium enamel coating, so that you can bring home a space-friendly, high-performance and highly durable water-heater.

**The high power 3kW heating element ensures you get hot water in no time**

Larger capacities come in compact designs with smaller heights.

Titanium enamel coating provides extreme protection from corrosion, compression and pressure resistance.

A four-star rated product, it has high density and thick PUF that ensures energy efficiency and reduced electricity bills.

The high density and thick PUF ensures retention of internal heat and temperature, resulting in better energy efficiency and reduced electricity bills.

Its high-pressure withstanding capacity (8 Bar) makes it suitable for high-rise buildings and high-pressure pump applications.

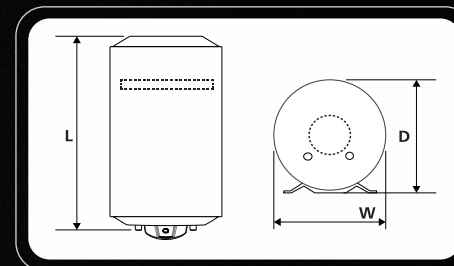

Provides three levels safety against high temperature and pressure with thermostat, cut out and safety valve.

Elegant Italian design with a rare combination of technology and style.

## Technical Data

Capacity (L)	50 (L)	70 (L)
Model	Platinum Eco	Platinum Eco
Type	Storage	Storage
Power Supply	230 volts AC, 50 Hz, Single Phase	230 volts AC, 50 Hz, Single Phase
Wattage (kW)	3	3
Max Rated Pressure (Bar)	8	8
Installation Type	Vertical	Vertical
Dimensions (in mm) L	560	760
W	470	470
D	485	485

Product	2 yrs
Heating Element	3 yrs
Inner Tank	7 yrs

### After-sales service

Racold leads the way in service support with:

- Nationwide service technicians with over 300 service centres
- Use of genuine Racold spare parts
