Eterno Swift THE FASTEST WAY TO A SMART BATH

Every day is an opportunity unknown. Every day is the beginning of something beautiful. A day with endless possibilities. And to make the most of your day, all you need is a great, energetic start to your mornings.

Racold has helped you begin each day with this spurt of energy for a great start over the last 50 years. A fully owned subsidiary of Ariston Thermo Group, the world's leading thermic solutions company, Racold is India's largest provider of water heating solutions. It is the first company to win the energy conservation award from the Bureau of Energy Efficiency 7 times in a row for electric storage water heaters.

Presenting the future of water heaters with the Eterno Swift. It has Racold's innovative 3kW heating element that helps heat water 33%* quicker. The SPHP inner tank and its titanium enamelled heating element provides for better protection and longer life.

The intelligent "Smart Bath Logic" function empowers you to customize your bathing needs by adjusting the regulator to your preferred mode of bathing, and what's more, you can save electricity.

The inbuilt innovative heating element helps heat the water 33%* quicker, resulting in extra saving of time each morning.

*As compared to a regular 2 kW heating element.

The intelligent "Smart Bath Logic" function empowers you to customize your bathing requirement, thus saving precious electricity.

Unique polymer protective coating technology for inner container resists corrosion from hard water.

A special titanium enamelled heating element gives better protection and longer life.

A special anode used with the heating element employs an electrolytic process that protects the heating element from corrosion, thus greatly enhancing its life.

A 5-star rated product, it has a high-density & thick PUF that ensures energy efficiency and reduced electricity bills. Applicable for select models.

A special deflector ensures slow mixing of cold and hot water in inner container, keeping the water hot for longer time thus ensuring less frequent restart, and what's more, you can get up to 10% more hot water.

Technical Data

	Model	Eterno Swift - 15 V	Eterno Swift - 25 V	
	Type	Storage		
	Power Supply	230 Volts AC, 50 Hz. Single Phase		
	Wattage(kw)	3kw		
	Max. Rated Pressure(bar)	8		
	Installation Type	Vertical-Wall Mounting		
	Dimensions (in mm)	L	565	517
		W	310	386
		D	295	368

All models available in: Body-White & Inspection Cover-Tan (Metallic finish)

Product	2 yrs
Heating Element	3 yrs
Inner Tank	7 yrs
